DESCRIPTION

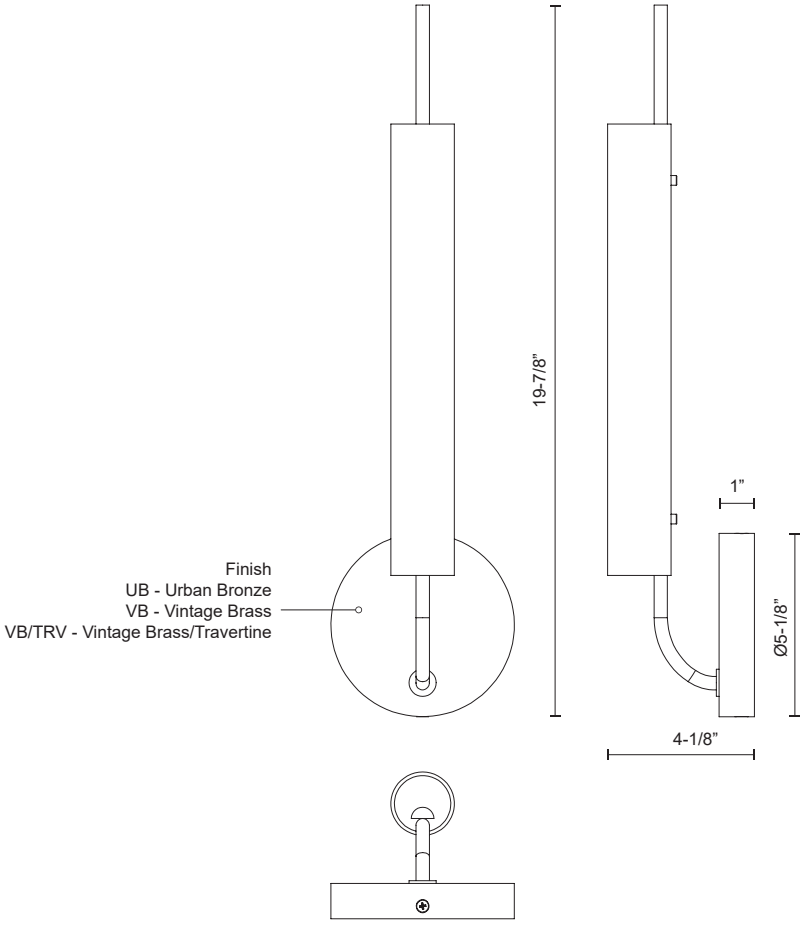

The Wick Wall Sconce is a modern take on the classic candlestick. A curved metal "wick" rises from the backplate to the top of the sconce, drawing attention to the integrated LED light housed within a lantern-like opal glass diffuser. This design provides soft, ambient illumination while maintaining a sculptural presence. Available in luxe brass plated finishes or with a travertine backplate, Wick adds warmth and elegance to any interior. Perfect for bathrooms, hallways, bedrooms, entryways, or commercial and hospitality spaces, it combines functional lighting with striking visual appeal.

- Modern wall sconce inspired by a classic candlestick with a curved metal "wick" design
- Integrated LED housed in a lantern-like opal glass diffuser for soft ambient light
- Available in luxe brass plated finishes or a travertine backplate for sophisticated style
- Perfect for bathrooms, hallways, bedrooms, entryways, hospitality, or commercial spaces
- Sculptural and statement-making design that blends form and function
